Step 2. 6 List | Each night before bed write out the 6 most important things to complete for both your home & your business for tomorrow.

Step 3. Lead Boxes | If you're out of bookings ... you're out of business ... & having a consistent lead source is a great way to be able to continue booking! I recommend having a minimum of 10 lead boxes out to generate an average of 1 new lead/box/week.

Step 4. Weekly Plan Sheet | Plan your work & work your plan! Having this set up for the week will help you & your family know what to expect.

Step 5. Book Daily | 1-2 new bookings a day will keep you growing! Think of this like the oxygen to your business.

Step 6. PowerStart+ | 30 New Faces ... 10 New Opportunity Shares ... \$1000 Wholesale Reorder. Make this activity the bare minimum for your business! It can be done on a very part-time 10 hours a week but will generate a consistent (and growing) \$1000 avg extra income/month.
